

Felt EZIP 10/1 0+FE Black / 7mm

Article code: ZLFE583059

General information

Product group ZipLink

Belt construction

Number of plies		1
Top side	material	felt
	color	black
	finish	bare fabric

Technical data

Force at 1% elongation	ISO 21181		10 N/mm	57.1 lbs/in.
-------------------------------	-----------	--	---------	--------------

Fabrication

Ziplink belts can be endlessed, very easy and quick splicing without presses, fasteners or glues. Refer to the technical information for more information about splicing of Ziplink belts.

Additional information

This sheet contains typical values, which apply to a temperature of approx. 20 °C (68 °F), unless otherwise stated, individual data may differ.

We recommend to keep the belt tension to a practical working minimum to maximize the service life of the belt and machine parts.

Always protect belts from sunlight/UV-radiation, avoid temperatures below 10°C and above 40°C, dust and dirt. Store belts in a cool and dry place and if possible in their original packaging.

For details consult 'Storage and handling instructions' or contact our specialist.
