SAFE & CLEAN

NEW SAFE & CLEAN BELTS CONCEPT WITH AMMERAAL BELTECH

Food safety is more important than ever! As a leading producer of process and conveyor belts, particularly for the food industry, Ammeraal Beltech develops new generations of products and solutions focusing on hygiene – the cornerstone of your business. Confidence in food safety is paramount when choosing Ammeraal Beltech as belt supplier in the food industry.

The new modular belt, uni ECB (Easy Clean Belt) and the homogeneous belt Soliflex PRO prove this. New belts are made within the SAFE & CLEAN concept with common target related to the highest levels of hygiene and cleanability.

SAFE
Ammeraal Beltech provides a Food Safety solution based on:
• safe products comply with international standards as EC 1935/2004, FDA and USDA
• belt design, colours and materials, that help you achieve your HACCP
• innovative solutions to avoid migration
• full belt material traceability records

CLEAN
Ammeraal Beltech provides cleanable belts:
• easy and fast cleaning of belts
• cleaning cost drastically reduced
• lowest amount of water, detergent and labour time required
• cleaning in motion possible
• control of cross contamination due to blue belt/food product
Ammeraal Beltech SAFE & CLEAN Reduces your Cleaning Costs

In your slaughterhouses operational costs will drop and the efficiency will improve drastically using the SAFE & CLEAN belt solutions: uni ECB and Soliflex PRO.

Both belts enable you to improve hygiene to a level never seen before. Resources needed to clean the belts are reduced – less water, less energy and less man-hours. uni ECB and Soliflex PRO are taking cleanability one step further.

uni ECB, Easy Clean Belt, has been developed in close co-operation with a top reference slaughterhouse for cutting lines. By removing the pin and pinhole a major bacteria trap is eliminated.

Easy to clean Single Link® and Snap Link® design without brick lay reduce downtime for cleaning as well as bacteria growth. Specific design improves draining performance as well as cleaning.

Soliflex PRO is a homogeneous belt without any fabric tension member.

Soliflex PRO combines the benefits of fabric based conveyor belts and modular belts into one unique self-tracking product. The smart concept enables easy cleaning which reduces your total cleaning costs.

Soliflex and Soliflex PRO products are not available in all areas. Contact your Ammeraal Beltech sales professional for additional information.
