Permaline Check-out Belt
To Speed Up Your POS Process

‘Baskets only, Card payment only, Place loyalty card here’ are typical signs to inform customers. But these signs around check-out counters are often not noticed. This causes delays in your POS process and increase check-out times.

The Permaline Messenger Belt displays your message directly on the check-out counter for maximum exposure. A simple method to speed up your POS process!

Permaline Messenger Belts can be printed with any design, including full colour photographs. Your custom design is protected by a durable clear cover to prevent damage and it will look good as long as the belt is in use. Permaline belts have the same advantages as non-printed check-out belts.

Benefits:
- Faster check-out process
- Smoothly guide customers to the right counter
- Customised message or image
- Highly visible and non-fading
- No limitation in print design or colours
- Belt life comparable to non-printed belt
- Food grade belt cover

Ammeraal Beltech is a leading manufacturer of process and conveyor belting with a unique reputation for developing innovative solutions for belting applications. One of those solutions is the Permaline Messenger Belt for check-out counters.
The Ammeraal Beltech Permaline Messenger Belt is designed for use on check-out counters in grocery and DIY stores. The belt is provided with a customised message or image to guide customers to the right counter or to give instructions to achieve faster scanning. An ideal system to speed up the check-out process and reduce customer frustration.

Permaline Features

- Full colour custom print: any message, logo or image
